

Ramakrishna Mission High School, Sitanagaram
Teachers' Feedback 2018-19

English Language Laboratory (ELL)

Sri Ch. Sudhakar
Head Master

- Students and teacher fraternities are effectively using English Language Laboratory.
- Students are improving their English language competency and skills with the help of ELL.
- Students are also learning to pronounce English words correctly.
- Students of 4th and 5th standards are practicing English conversations with Mark Kulek's videos.

Sri DVS. Durga Prasad
Subject: English

- The English Language Lab brought a unique momentum in my teaching process.
- The students are very much eager to work on their individual computers using headphones.
- No student is interested to lose this class under any circumstances.
- The ELL is really a helpful aid to me as the exercises given for practicing grammar are very appropriate.
- The lab exercises are very helpful to students while I am teaching functional grammar in the regular language classes.
- They are able to identify the errors in grammar because of their lab practice.
- The ELL is also very attractive to each student because of doing practice on various sounds as well as words.
- The feature of monitoring each and every child while doing their practice is very helpful for me.
- My desire to teach students with ELL is satisfied and I am very happy with this provision at our school.

Smt.K.N.L.Kalyani
English Teacher

- Students are learning English Grammar and strengthening their vocabulary in a play way method without undergoing any stress.
- Students are learning English sounds and words phonetically. This is tremendously useful for the students in the long run.

Smt.Karuna
English Teacher

- Before starting English Language Laboratory, the students are little bit shy to speak in English. But now whole class is able to speak in English to some extent.
- Introducing ELL is a great step for developing English language of students.
- We have observed tremendous progress in students in their vocabulary and pronunciation skills.
- The students are eagerly awaiting for English Language Laboratory classes. They are enjoying the role plays, games and quiz.
- I think ours is the first school in A.P. and Telangana to introduce EnglishEdge classes for improving English of our students.

Reshma Begum
English Teacher

- I am making the children to listen to the role plays repeatedly and make them practice the same.
- The children are able to learn new vocabulary and pronunciation.
- By repeatedly playing the game and participating in the quiz, they are showing progress in learning English Grammar effortlessly.
- They are able to speak in English without fear and they are also performing well on the stage.
- Slow achievers are also deriving advantage.
- Every child is able to invoke the software and practice on their own.
- They are able to pick up English sounds and words properly by recording their own voice and practicing.
- Children are very much interested to go to English Language Lab.
